BUDGET ADVISORY COMMITTEE REPORT

The Budget Advisory Committee met with the Selectmen on Wednesday, March 4th to review the proposed budget for 1981-82.

It was found to be in order and the total figure to be close to last year's total budget.

Assuming services will not suffer it is commendable that, in these inflationary times, expenditures can be held.

Respectfully Submitted,

HIGHWAY DEPARTMENT REPORT

Summary of Highway Expenditures 1980:

Winter Money:

Monies used in the plowing, salting and sanding of roads. Also used for the cutting of trees on the sides of roads.

Summer Money:

Monies used to purchase cold mix, M. C. 800, culverts, sand and gravel.

Road Mix put on the following roads:

1/10 mile Lane Road	5/10 mile Candia Road
1/10 mile East Derry Road	1 2/10 miles Fremont Road
1/10 mile Hall's Village Road	5/10 mile No. Pond Road mix-n-placed

Roads Graveled:

Shepard Home Road	Smith Road
No. Pond Road	Lane Road
Hanson Road	Cole Road

All gravel roads have been graded and raked four or five times this year.

The Smith and Shepard Home Roads have been stumped out and widened. Culverts were put in on the Candia and Smith Roads.

I would like to thank all who worked for and supported the Highway Department.

Respectfully submitted,
Clarence Ware,
Road Agent

REPORT OF THE CHESTER HIGHWAY SAFETY COMMITTEE

The Highway Safety Committee met 4 times between July 1, 1980 and January 31, 1981. A new feature of the meetings was a resume by the Chief of Police of the motor vehicle accidents since the previous meeting. The time, location, road and weather conditions, and of extreme importance, the cause of the accidents, came in for much discussion in an effort to determine what corrective actions, if any, could be initiated by the town. It was found, in the great majority of cases, that the accidents resulted from failure of drivers to obey the motor vehicle statutes, by exceeding the posted speed limits in the area, by poor driver judgment, and in a few instances, from driving while under the influence.

The committee did take positive action to reduce a hazardous condition in the center of town; our request to the state highway department resulted in the department's posting "no parking" signs on Rt. 102, alongside of Town Hall, the Village Cemetery and the Civil War monument enclosure.

In a similar action, the Chester Road Agent posted "30 MPH" signs on several of the heavily traveled town roads, both to try to reduce motor vehicle speed, and to let motorists be aware of the speed limit on those roads.

The "2nd annual bicycle safety clinic" was held on May 17, by the Chester Police Dept., the Chester Lions Club and the Highway Safety Committee; it was gratifying to note the increase in bicycles inspected over the number checked in 1979. Plans for 1981 include the conducting of a similar clinic.

The highway crossing guard program, with guards Dorothy Schott and Albert Estes on duty at the intersection, continued to provide safety for children crossing Rt. 102, going to and from school, and to the athletic field in the afternoon. For the period Sept. 5, 1980 through Jan. 31, 1981, a total of 2456 youngsters were escorted across Rt. 102, at a salary cost of 595.60. For the past 2 years this program has been partially federally funded; it should be noted that there will be no further federal funding. The NH Highway Safety Agency made an on-site inspection of the program and commended the program for the excellent safety record, and for an innovation of definite value, the use of

bright red flags to catch the eyes of motorists, so that they would be aware of the "officer on duty" ahead.

The time and date of meetings of the Highway Safety Committee are posted on the Town Hall bulletin board, and also appears in the Chester column of the "Derry News"; all persons are welcome to attend, especially if they have a suggestion which would help to reduce motor vehicle accidents and attain safe roads in Chester.

REPORT FROM THE LIBRARY

Tuesday December 12th 1865 at a preliminary meeting Lucy P. Greenough and all subscribers for a circulating Library in Chester, N.H. met at the Town Hall in said Chester. Meeting called to order by the Rev. J.L. Tomlinson. This ambitious project was called the "Ladies' Circulating Library." It turned over all of its books to the Chester Public Library in 1896 after the shareholders chose four books each to keep as their own. To learn more library history in the making read on.

By the time this report is printed the Library will have moved into its new quarters. All the residents of the Town can be justly proud of this fine library. Please come in, look around, take time to visit, even if you don't care to borrow a book. Do you have an extra house plant to donate? The library would like to have it.

If you have a business in Chester or represent a business from your home, please stop into the library and leave your business card. We get reference questions from people who have heard of you but can not find your address. There have been people call from as far away as Calif. but we were unable to help them because we didn't know about you.

The Library has a membership to the Museum of Fine Arts in Boston. A patron may borrow the passes to attend an exhibit. This is a gift from the "Friends of the Library." The Friends help in many ways, if you are interested in helping the helpers they meet once a month. Come join the group. They have our greatest appreciation for their hard work.

Mr. Amos Tuck Jr. and Mr. S.L. French had books placed in the library in their memory by daughter Alice.

Over the past several years the librarian has been taking courses at the University of New Hamp. in Library Science. The prescribed studies are finished. I wish to thank the people who kept the library open in my absence.

The Library hours are:

Tuesday 10 am to 4 pm
Thursday 10 am to 8:30 pm
Friday 10 am to 4 pm
Saturday 10 am to 2 pm

Respectfully Submitted,

Arlene Delorey,
Librarian

ANNUAL REPORT MENTAL HEALTH CENTER FOR SOUTHERN NEW HAMPSHIRE

The Mental Health Center for Southern New Hampshire began Year Three as a comprehensive mental health center on May 1, 1980. As a community mental health center, the following services were provided in accordance with standards of the National Institute of Mental Health: outpatient diagnostic, treatment and referral services, 24-hour emergency psychiatric intervention, partial hospital and inpatient psychiatric treatment, follow-up for individuals leaving New Hampshire Hospital, screening services for individuals requesting or requiring hospitalization at New Hampshire Hospital, services to children, the elderly, substance abusers (drug and/or alcohol), and, a preventative program of consultation and education.

Calendar year 1980 has been a year of working towards stabilization and setting future directions. Part of this process involved creating a new organizational structure, new business and clinical procedures and policies, and an upgrading of administrative procedures. Assessment of Services and policies is continually being made to meet the changing needs of the people in the eleven-town catchment area.

The financial and statistical systems of the Mental Health Center have been and will continue to be improved with the implementation of an in-house computer system.

The Mental Health Center for Southern New Hampshire looks positively on the challenges of the new year. The Center will continue to provide quality services that are both accessible and available to the people of our service area.

During calendar year 1980 the Derry branch office of the Mental Health Center for Southern New Hampshire continued to provide mental health screening and diagnosis for all individuals seeking services from the two-town service area of Chester and Derry. In addition, clients from the other nine catchment area towns may be seen in the Derry branch as required. The Derry branch provides direct clinical services to a wide range of adults and children through the use of individual, couples, family and group therapy, in addition to the other services and programs of the organization.

In addition to the four full time staff regularly found in the Derry branch office, other staff rotate into the office during the week to provide additional coverage. Clinic hours are Monday, Tuesday, and Friday 9:00 am until 5:00 pm, and Wednesday and Thursday 9:00 am until 9:00 pm. Ongoing consultation is provided to the local police by our Emergency Services team.

During 1980, our Family and Life Education program provided the following programs and services to the residents of Chester:

February 12, 1980: Seminar entitled *Child Development,* presented to the Chester P.T.A.

March 12 and 26, 1980: Two workshops dealing with *Teacher Stress,* presented to the Chester school.

April 30, 1980: Discussion on *Sudden Death and Grief,* presented to SIDS group.

August 27-28, 1980: Two evening workshops entitled *You and Your Aging Parent.* Workshop location: Mental Health Center in Derry.

September 7-October 5, 1980: Five-week course entitled *Child Management,* offered at the Mental Health Center in Derry.

October 15, 1980: Video tape presentation entitled *I Do or Do I,* presented to the Friends of the Chester Library.

October 20, 1980: Workshop entitled *Grief,* presented at the Mental Health Center in Derry.

October 29, 1980: Course offered in the Social Work Department of White Pines College dealing with the Mental Health System and working with elderly clients.

October 31, 1980: Workshop/discussion for first semester students of White Pines College. The session dealt with chronic and acute mentally ill clients.

December 7, 1980: Workshop dealing with explaining death to children. Offered at the Mental Health Center in Derry.

During the twelve month period December 1, 1979 to November 30, 1980, the following services were delivered to Chester residents:

Clients Served:	87
Direct Service Hours:	150
Partial Hospitalization and Sustaining Care Programs (½ Days):	50
Inpatient Days:	7
Emergency Contacts:	31
New Requests for Service:	23

DERRY VISITING NURSE

The Derry Visiting Nurse Association has served the Town of Chester since 1970. A rapidly growing population, earlier hospital discharges, longer life spans, escalating costs of institutional health care, increasing emphasis on prevention, and other factors combine to continually demand that home health agencies be effective and flexible in responding to a community's home health care needs. The Derry Visiting Nurse Association has done that over the years and will continue to do so.

Services are offered under four major program areas as follows:

- Care of Sick Program
  - Nursing Home Visits
  - Physical Therapy
  - Occupational Therapy
  - Home Health Aide Visits
- Homemaking Program
  - Homemaker Visits
- Maternal and Child Health Program
  - New Born Visits
  - Well Child Clinics and Followup Visits
  - Immunization Clinics
  - Expectant Parents Classes
  - Parenting Classes
- Adult Health Promotion Program
  - TB Followup
  - Blood Pressure Clinics
  - Adult Health Home Visits

Everyone is aware of escalating health care costs. We are happy that home health care costs have been increasing at a much lower rate than institutional health care costs. One of the major factors in our increased costs is maintaining certification for reimbursement from Federal sources such as Medicare and Title XX. However, those Federal funds, combined with specific grants, allows our agency to provide services to Chester which cost the agency more than five times as much as the Town appropriation. We feel this is appropriate utilization of agency resources. Federal funds and grants usually are restricted to specific categories of illness, age, and income. Many people needing our services simply do not fit those specific eligibility

categories. So, it is important to emphasize that Town appropriations assist the agency to serve people regardless of income and age.

Chester represents approximately 3% of the population served by this agency. Last year, over 8% of all our services were for Chester residents. Following are some major statistics for fiscal year 1979-1980.

Skilled Nursing Home Visits	377
Physical Therapy Visits	11
Occupational Therapy Visits	9
Home Health Aide Visits	272
Homemaker Visits	226
Children in Well Child Clinics	4
Expectant Parents Classes	2

We continue a strong commitment to assisting area residents toward maximum health.

Chester representatives on our Board of Directors are:
Terry Strack, Dianne Walsh, Helen Tebo.

During the past year the Chester Fire Department responded to 138 calls.

With the dedication and expertise of our members, we were able to hold losses to a reasonable minimum.

Due to changing demands that we are faced with, a continuous training programs is now being held at the station. We have members enrolled in a 100 hour Emergency Medical Training (E.M.T.) program and are also teaching certified fire fighting classes.

Many hours are spent in preparation for the calls we respond to. The Derry Ambulance calls upon our department for assistance when responding to critical calls in Chester. The Chester Fire Department belongs to two (2) mutual aid groups. Many benefits have been realized by our participation.

We hope to finalize plans for a new pumper this year.

Ernie Edwards (the last of the old timers) having spent 46 years working within the department not only as a fireman but also as an engineer, retired from the roster this past year. Many thanks to Ern for all his years of dedicated service to the community of Chester. GOOD LUCK, ERN.

The Chester Fire Department thanks all who support us and invite anyone to stop by the station Tuesday evenings or Sunday mornings.

A breakdown of calls follows:

Chimney	15	Assist Ambulance	30
Structure	3	Smoke Checks	3
Campers	2	Manure Pile	1
Fire Alarm Act.		Smoke in Cellar	1
Smoke Detectors	26	Dryer	1
Grass-Brush	14	Food on stove	1
Mutual Aid	11	False Alarm	1
Car Fires	8	Lost Persons	3
Car Accidents	11		
Misc.	7		

The CPR and First Aid programs are ongoing with classes held throughout the year. Your continuing support given the omelette breakfast held in July each year have provided the funds to purchase visual aids and supplemental materials used in the first aid programs.

The eighth grade class continues to receive CPR training and we thank Mr. Kalman and teachers for incorporating this important skill into other related subjects. Also, we would like to thank the Chester P.T.O. for providing the books for the school classes.

We encourage Townspeople to take advantage of the CPR classes and the Advanced First Aid classes by calling Instructors: Mary Jean Colburn, Barbara Dolloff, Sue Downing or Anne Sullivan for information.

We also wish to take this opportunity to thank Linda Child and Lynn Dolloff and their "crew" for painting and making curtains for the upstairs part of the fire house. It refurbished the kitchen and meeting room in a most pleasant way.

REPORT OF FOREST FIRE WARDEN AND STATE FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business.

Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

REPORT OF THE PLANNING BOARD FOR 1980

Approvals	1977	1978	1979	1980
Subdivision Lots	43	29	62	10
Fees Collected				$804.50

The Planning Board has mainly been involved with the reviews and approvals of the above subdivisions. We have received information from the Southern New Hampshire Planning Commission (S.N.H.P.C.) regarding Capital Improvement Programs. We are also attempting to receive a Federal Grant, with the cooperation of the S.N.H.P.C. Professional planners of the S.N.H.P.C. will work with the Chester Planning Board to revise and redraft our present ordinances, correct any discrepancies now present, to expand our Capital Improvement Program, Master Plan and Non-Residential Site Plan Review process.

REPRESENTATIVE'S REPORT

While the state legislature met for only 2 days in 1980 to deal with welfare matters, there were many other duties to be accomplished. I served as a member of a select committee which made a detailed examination into the effectiveness and the value received from the security measures, repairs and utilities and janitorial services provided for 16 state owned buildings in the Concord area. For the 4th time I served as a member of an "orientation team" to help acquaint freshmen legislators with their responsibilities, and the procedures to be followed in the 1981 legislative session. The Speaker of the House re-appointed me to serve a 5th and 6th year on the NH Board of Claims, an agency which hears and evaluates monetary claims against the State, and where appropriate, makes awards. Additionally, the Speaker re-appointed me to serve a 4th two year term as the Chairman of the Committee on Public Protection and Veterans Affairs.

As a continuation of the program by which the Chester Village Cemetery was entered on the National Register of Historic Places, the state highway department erected a "highway historical marker" on the Derry Rd., to apprise visitors of the historical importance of the Village Cemetery. Although matching federal funds were available, I felt it inappropriate to request town funds, while some Chester residents had difficulties with "heating and eating", for the restoration and preservation of some of the old and unusual monuments in the Village Cemetery; this project may possibly be accomplished at some later date. I procured an American flag previously flown over the Capital in Washington, D.C. and presented the flag to the Chester Lions Club; the flag will be flown from the Lions Club flagstaff at the Village Cemetery.

At the county level I served as a member of the Rockingham County Executive Committee in 1979-80, and was re-elected to serve in 1981-82; the specific area of my involvement is the preparation of the annual budget for the County Attorney office and for the County Medical Examiners, and monitoring the spending of these funds.

In addition to my legislative duties, my plans for 1981 include arranging for another "Old Fashioned Band Concert on the Lawn", which will be sponsored by the Chester Senior Citizens

Club, to be held in the latter part of June. Also, as for the past decade, to serve as a 2 way communication link, bringing you information on pending legislation at Concord, and conveying your feelings on the legislation, and on your problems and concerns with state government, back to the State House.

With the newly elected Representatives from Candia and Auburn, Carole Nevins and Harry Flanders, respectively, I hope to continue the practice whereby we met bi-monthly, rotating between the 3 towns, and hold "open meetings" to hear the comments, concerns and questions of the residents.

Abraham Lincoln's words "In all that the people can individually do as well for themselves, government ought not to interfere" are so very appropriate these days.

Richardson D. Benton
Representative

REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

The Southern New Hampshire Planning Commission is a voluntary association of local governments acting together to address regional needs and priorities identified by your municipal representatives.

The Commission's member communities have many common concerns which can often be resolved more effectively and efficiently on a cooperative basis. The economies that are achieved by an areawide approach to these concerns, through Commission programs, produce substantial savings for local taxpayers by pooling their limited resources - providing members with material, data and professional services that few communities could easily afford on an individual basis.

Through the Commission's regional planning and transportation programs, a variety of reports and data are developed on an annual basis and made available to local officials to help them deal with some of their day-to-day responsibilities. Such material is often used to support locally-initiated public improvement projects, some of which can be financially assisted with State and Federal funds.

Included among the Commission's accomplishments during the past year, under our regional and transportation planning elements were:

- a "Catalog of Selected State and Local Development Permits". This document identifies the various permits that may be required, in addition to subdivision and site plan approval prior to undertaking construction in the communities;
- a draft "National Flood Insurance Program Administrative Handbook" recently editied by officials of the Federal Emergency Management Agency. Printing of the final draft is expected in 1981 to be followed by distribution to local officials;
- the review and comment on 195 funding applications, submitted by a variety of local, state and non-profit agencies and organizations, to provide or continue many projects and programs benefiting member communities and their residents;

- receipt of unconditional certification of the Commission's metropolitan area transportation planning program. This marked the first time in the 14-year history of the Commission that all prerequisites for continued federal financial assistance to implement recommended highway and public transit system improvements had been satisfied. The SNHPC is one of possibly three metropolitan planning organizations in all of New England to enjoy this distinction.

Statistical analyses undertaken as part of the metropolitan area transportation planning program, covering Manchester, Auburn, Bedford, Goffstown, Hooksett and Londonderry, were compiled in the following reports:

- "Socio-Economic Data Disaggregation - South Manchester/ Londonderry Sub-Area Study";
- "Land Use Update;
- Population Estimates";
- School Enrollment";
- "Employment Estimates"; and
- "Vehicle Travel Time" - an analysis of street network efficiency.

Local Planning Assistance Services

A representative sampling of staff services provided to the Town of Chester during the year includes:

•Provided the Planning Board with a listing of the types of industries that should be considered as potential sources of high levels of air pollution;

•Provided the Board of Selectmen, Planning Board, Zoning Board of Adjustment, and the Building Inspector with notices and schedules of the Municipal Law Lecture Series held during the fall;

•Provided copies of the Office of State Planning publication **Planning and Development Techniques, Options for Managing Growth in N.H.** for the Planning Board;

•Conducted a workshop on the U.S. Department of Housing and Urban Development's Community Development Block Grant Program competition for fiscal year 1981 funding to which Town officials were invited;

•Provided the Chester School and the Public Library with copies of Commission reports, newsletters, and a variety of state and federal agency publications;

•Prepared a statistical, socio-economic and cultural profile of the Town of Chester including data on population, housing, land use, the economy, an inventory of transportation and community services available to residents, and pertinent planning and governmental information of interest to potential commercial and industrial developers and prospective residents;

•Provided the Planning Board with a written opinion concerning procedural matters involving the Zoning Board of Adjustment and the Board of Selectmen on a specific development proposal;

•Provided the Planning Board with recommendations regarding the development and adoption of "Nonresidential Site Plan Review Regulations" in accord with New Hampshire Revised Statutes Annotated, Chapter 36:19-a;

•Provided the Board of Selectmen with a copy of the Office of State Planning publication "The Board of Adjustment In New Hampshire;

•Provided the Board of Selectmen with the material to be used by the Planning Board to assist with the development of a capital improvements program as part of the Chester master plan;

•Provided the Board of Selectmen and the Planning Board with a copy of N.H. RSA Chapter 79-A, as amended by the 1979 session of the General Court, and a summary of a May, 1980 N.H. Supreme Court decision, both dealing with the time of appraisal for the assessment of the land use change tax under the Current Use Assessment law; and

•Provided the Board of Selectmen with an announcement regarding the historic district workshop conducted by the Environmental Law Clinic of the Franklin Pierce Law Center.

Professional Services Agreement

The Board of Selectmen and the Southern New Hampshire Planning Commission are in the process of preparing an application for submission to the New England Regional Commission for purposes of attempting to obtain funding to support a "shared planner" program.

If the application is approved and funded, the Town of Chester would be contracting with the Commission to obtain professional planning services at no cost to the Town. Under the "shared planner" agreement, the Commission would make available to the Chester Planning Board, the services of one of its professional staff to work in the Town for an amount of time to be mutually agreed upon between the Planning Board and the Commission. The work to be performed would be up to the discretion of the Chester Planning Board.

Chester's representatives on the Commission are:

Commissioners: Mrs. Janet Larkin, Mr. Charles Ryan
Executive Committee: Mrs. Janet Larkin

REPORT FROM ZONING BOARD

During 1980 there were 19 applications for variances to the Chester Zoning By-Laws. Of these applications, 8 were approved, 5 conditionally approved and 5 were denied. The other 2 were tabled (one of these later released). One additional case involved the application by the Chester School Board for a Special Exception to the Zoning Ordinance, which was approved.

The Board of Adjustment meets at 7:30 PM on the third Wednesday of each month. These meetings are always open to the public and discussion is encouraged. The cases to be heard, of which we are aware, are advertised in the Derry News on the first Thursday of each month. This does not preclude other applications or questions from being discussed at the meeting.

The Chairman is indebted to the Board Members including Alternates and the Secretary for the many hours devoted to the best interests of the Town as well as the applicants. The cooperation and assistance of the Selectmen is also appreciated.

J.H. Batjer,
Chairman
Zoning Board of Adjustment
